Senate Committee Substitute for House Concurrent Resolution No. 11:

JOINT MEMORIAL OF THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF FLORIDA.

A Memorial to the President of the United States requesting the assistance and cooperation of every available Federal Agency in order to make possible, at an early date, commencement of construction work on a ship canal across the Peninsula of the State of Florida.

WHEREAS, the construction of a ship canal across the State of Florida will give employment to a vast amount of human labor, thus greatly relieving the distress due to the unemployment crisis; at the same time creating a valuable commercial and military asset which will, in the course of time, repay its own cost through the collection of reasonable tolls from ships using the canal; and

WHEREAS, the Constitution of the State of Florida contemplates with favor the construction of such a canal across the State and makes provision for and authorizes special legislation in order to facilitate such construction; and the Legislature of the State has now created a public corporation known as the Florida Ship Canal Authority and has granted to said corporation a franchise, with full power and authority to construct said canal; and

WHEREAS, such a canal will cut off approximately 500 miles of distance by the water route between New Orleans

and the Gulf Ports, on the one hand, and New York and Liverpool, on the other, will eliminate the danger to shipping incident to passage through the Florida Straits, will bring about tremendous savings by reason of the resultant reduction in time, insurance and other transportation costs, and will constitute a valuable asset to our National Defense; and

WHEREAS, such a canal will largely solve the distribution problems of the Mississippi Valley and of the Southeast section of the United States; will greatly aid the agricultural and industrial activities in said section by furnishing them perpetual and cheap transportation to the Atlantic Seaboard where the best markets are located; will enhance the value of the farm lands through the producing of means for delivering their produce to market; and will offer material advantages and benefits to fully one-half of the producing area of the United States; and

WHEREAS, said ship canal, while rendering this valuable service to labor, industry, agriculture and ocean shipping, will at the same time, and without additional cost, provide a connection between the Atlantic Coastal Waterway and the Gulf Coastal Waterway for barges and small craft plying between Boston, Massachusetts, and Gulf of Mexico ports; and

WHEREAS, the Corp of Engineers of the Army of the United States, pursuant to authorization of Congress, is now completing an exhaustive physical survey of various possible routes for such a canal, and of the costs of the construction thereof; and

WHEREAS, an application is now pending with the Reconstruction Finance Corporation of the United States for a loan of sufficient funds with which to construct said canal, such loan to be self-liquidating in character:

NOW, THEREFORE, BE IT RESOLVED: By the Senate of the State of Florida, the House of Representatives concurring:

THAT the President of the United States be, and he is hereby, respectfully urged to approve of said construction project as an effective measure in relieving unemployment and stimulating industry and that he be and he is hereby further relating to procure the assistance and cooperation of every appropriate and available Federal Agency in order that construction work upon said project may be commenced at the earliest possible date.

BE IT FURTHER RESOLVED: That the Secretary of State be directed to furnish a certified copy of this Memorial to the President of the United States, to each of our Senators and Representatives in Congress, to the Reconstruction Finance Corporation of the United States and to the Associated Press.

And respectfully requests the concurrence of the Senate therein.

EXPLANATION OF VOTE

In voting for the passage of this bill, I wish to offer this explanation:

Forty five days of this session has elapsed without the Legislature doing anything of a substantial nature, in my judgment and the Governor having said in his message at the beginning of the session that if the Legislature carried out his program, the budget would be balanced and the taxpayers given relief. Later in the session when it appeared that nothing at that time had been substantially accomplished, the Governor again delivered his message saying that if the measures recommended by him were accomplished, the budget could then be balanced and relief granted the people. In both instances the Chief Executive was willing to assume the responsibilities. Inasmuch as the session is nearly at a close, I vote for this measure, in believing that it will help the Chief Executive accomplish those purposes which the Legislature seemingly up to now, have failed to accomplish, mainly constructive Legislation looking forward to the relief of the people. And for the added reason that I have been overwhelmed with hundreds of telegrams from any constituents in all the counties in my district urging me to support this measure.

ARTHUR GOMEZ.

Senator Hilburn moved that the rules be waived and the Senate do now take up the consideration of Messages from the House of Representatives out of their order.
